The territory restriction on new accounts for "TERA" was lifted in June 2021. At that time, players were also given a free transfer to a North American account. In February 2021, En Masse Entertainment announced plans to merge servers for "TERA" and also announced additional details about Season 2 of "TERA: Rising". The merger began on March 11 with servers down for two hours beginning at 5 am Pacific Time (8:00 UTC). This was followed by two more short downtimes on March 17 and March 26 before all character transfers were completed. The merger of servers resulted in the creation of a single player vs. player server and a single role-playing server. The role-playing server was created to stop the underpopulated game world from splitting into two more servers.[62]

In January 2021, Roblox permanently banned all accounts that were created by Arielle De La Rosa. The company said it was because of her "continued behavior", which included actions such as creating Emily Roe and harassing other users, as mentioned above. Although she had been blocked from Roblox for over a year, they said their original ban for her had been lifted in November 2021. They also stated that she could no longer be unblocked on their platform because of previous harassment reports against other players. The ban was not for her actions, but instead because of the continued harassment she had done.

Rated 4 out of 5 by Anonymous from Awesome game I would rate this game a 10 because it's really entertaining and easy to get into. Rated 4 out of 5 by Anonymous from Good Game This is a pretty good game the only thing that doesn't get me is all the money you have to pay for it. Rated 5 out of 5 by Anonymous from Great This is an amazing app, and roblox is a sweet game, but i have had some problems with it so that's why i am giving four stars for rating.

ROBLOX has also been criticised for lacking any kind of quality assurance for its games. There have been many issues with the quality of some games and many users have complained that their game descriptions are not accurate. The site is also frustratingly inconsistent in the manner it deals with things like this, often banning users who complain about bugs and glitches within their games but not actually banning anyone who commits an illegal act, such as copying someone else's game and selling it without permission.

ROBLOX has also been criticized on another level. Many people have said that they will never use ROBLOX again after the lack of response from the administration team. This is because even after reporting rule breakings, there is still no action taken against the players who do so. This has caused people to lose respect for the administration team.

In my opinion, the best and most legitimate way to get free roblox robux is to make your own. This can be time-consuming, but you can do everything yourself and make sure that you are not running into any problems. It will take a lot of time to figure out the design and layout of the webpage, but once it is completed you should easily be able to get a lot of traffic from search engines like Google. Once this is done then it is time to begin writing original articles. Try not to re-hash information from other blogs or websites as this will just make you look like a copycat.

Some players have reported being bullied while in the game, due to language or other factors. Many of these players have been reported to take their complaints to Roblox's customer service team, only to be ignored or told that it was the victim's fault.
